

COMPOSITION :

Each 1 LTR contains :

Menthol.....16 gm
 Camphor.....33 gm

**مروخ - MOROOKH****FOR EXTERNAL USE ONLY****PROPERTIES & INDICATIONS:**

The formulation operates by utilizing its constituents as a stimulant and skin-soothing agent, encouraging and enhancing local blood flow.

This increased circulation leads to a cooling sensation as the local blood vessels dilate, which is subsequently followed by the relief of discomfort and itching.

This product is recommended for: Easing muscle soreness, aches, and stiffness. Alleviating discomfort associated with arthritis resulting from over-exertion, fatigue, strenuous exercise, and competitive activities

PRECAUTIONS:

Do not apply to irritated or broken skin; Avoid contact with eyes.

SAFETY PERIOD:

Nil.

**Keep it in dry dark
 place below 30 °C**

DOSAGE AND ADMINISTRATION:**Lameness, sprains, swellings etc...:**

Foment the affected area with hot water then rub well with the liniment 2-3 times daily.

For blistering: Rub the targeted part with liniment then cover with gauze saturated with the "Spirit lotion". Repeat twice daily, if necessary.

Preparation of the spirit lotion:

Mix (60 ml liniment + 60 ml water + 300 ml methylated spirit) Setting up and leg brace In camels: Mix liniment, water, vinegar (1:10:4parts) respectively, then rub the legs thoroughly and bandage untightly For cooling body wash in camels: Mix liniment, water, vinegar (1:6:2parts) respectively, to be used as a therapeutic body wash when refreshing and coolant is indicated for tired and over-heated camels.

USED FOR

Camels
