

COMPOSITION :

Each 1 KG contains :

1 * 10 ⁷ u/g	Yeast (saccharomyces cerevisiae)
300.00 mg	Iron (iron(II) sulphate)
192.00 mg	Manganese(Manganese sulphate)
38.00 mg	Zinc (Zinc sulphate monohydrate)
180,000.00 mg	Sodium propionate
31,250.00 mg	Xanthan gum
503.00 mg	Calcium carbonate
121.00 mg	Sodium bicarbonate
70.00 mg	Magnesium oxide
70.00 mg	Magnesium carbonate

VITAVET NEODIGEST

INDICATIONS : ANTACID POWDER

VITAVET NEODIGEST is a premium nutritional additive formulated with natural buffering salts, essential minerals, and active yeast cultures to support balanced rumen activity and efficient feed digestion in cows, camels, sheep, and goats. It is designed to help stabilize rumen environment, promote beneficial microbial growth, and encourage steady feed intake under varying feeding or environmental conditions. Regular inclusion in the ration aids in maintaining optimal rumen performance, enhances fiber digestion, and contributes to better nutrient utilization and productive efficiency. This supplement is particularly valuable for animals receiving high-energy or concentrate-rich diets, or during transitional and stress periods, helping them maintain consistent appetite and rumen balance.

ANALYTICAL CONSTITUENTS:

2.35% crude protein,	0.02% crude fat,
0.00% starch,	0.00% total sugar,
0.11% crude fibre,	71.50% crude ash,
20.15% calcium,	7.60% sodium,
3.85% magnesium.	

DOSAGE AND ADMINISTRATION:

(Powder for Oral use):

Dissolve the pack in water (1 – 1.5 Litre) & drenched to the animal orally, 100 gm for each 100 kg Body Weight. Use it for 3–5 days. for high yielding and intensively fed animals

WITHDRAWAL PERIOD:

Meat: 0 day. Milk: 0 day

Keep it in a dry, dark place below 25°C.

USED FOR

Cows, Camels, Cattle, Sheep & Goats
